EDUCATION

TERI School of Advanced Studies, New Delhi M.Sc. in Economics (CGPA-7.94)	<i>2023-2025</i>
Maharshi Dayanand University B.Ed. with specialisation in Economics (First division - 72.75%)	<i>2021-2023</i>
University of Delhi B.Com (First division - 71.03%)	<i>2018-2021</i>
Sarvodaya Kanya Vidyalaya, Vikaspuri Higher Secondary Class - C.B.S.E (68.20%) Commerce stream	<i>2017-2018</i>
Sarvodaya Kanya Vidyalaya, Vikaspuri Senior Secondary Class - C.B.S.E (9.4 CGPA)	<i>2015-2016</i>

RESEARCH INTEREST

Development Economics, Food and Nutrition Economics, Environmental and Natural Resource Economics, Public Economics, Microeconomics, Econometrics, and Climate Change Economics

RESEARCH AND WORK EXPERIENCE

Young Professional Indian Council of Agricultural Research – National Institute of Agricultural Economics and Policy Research (ICAR-NIAP)	<i>July 2025 – Present</i>
• Assist the Principal Investigator, Dr. Balaji S. J., in research projects related to India's food systems, agricultural sustainability, and resource use. • Conduct comprehensive literature reviews and empirical analysis to examine structural challenges in India's food systems and identify pathways towards socially optimal and sustainable agricultural transformation. • Develop and manage large-scale state- and district-level panel datasets covering agricultural production, resource use, and macroeconomic indicators. • Perform data cleaning, management, and statistical analysis to support policy-oriented research on agricultural productivity, environmental sustainability, and rural development. • Analyse trade-offs between agricultural productivity, natural resource use, and socio-economic outcomes to inform evidence-based policy recommendations. • Contribute to the preparation of research reports, policy briefs, academic manuscripts, and conference presentations.	

INTERSHIPS EXPERIENCE

Research Intern TERI School of Advanced Studies and International Potato Center (CIP).	<i>July 2024-December 2024</i>
--	--------------------------------

- Conducted a pilot survey of potato farmers in Khandauli, Agra.
- The survey focuses on the impact of heat exposure on potato farming, farmers' health, and to analyse government support for farmers.
- Collected and compiled relevant information directly from farmers to create a comprehensive cross-sectional dataset.
- Additionally, done descriptive analysis using STATA to summarize and understand the key features of the data, gaining insights into patterns, trends, and distributions.
- Also used Power BI to enhance data visualization for clearer insights.

Intern

June 2024-July 2024

Axis Bank Ltd. Intern (Data Analyst)

- Worked closely with various departments: risk management, and finance.
- Interpreted and analyzed data trends to improve operational efficiency.
- Organized data, perform data validation, created reports and dashboards using tools like Excel and Power BI.

Research Assistant

April 2023 - September 2023

Delhi School of Economics, University of Delhi

- Worked with Dr. Shweta (was a Ph.D. Scholar at DSE)
- Created spatial maps using latitudes and longitudes for Indian districts growing different crops via TABLEAU.
- Analyzed the variation in weather (climate) and crop yields in 563 districts for the period 1966-2016.

ACADEMIC PROJECTS

- Worked on master's thesis, "Climate change and gender disparities in labor wages: An evidence of Indian agricultural market,"
- Written a term paper titled "Determinants of Willingness to Pay for Housing Among Indian Households: A Hedonic Price Model Analysis."
- Written a policy brief titled "An urban-rural perspective on the factors influencing Parents-Teacher Association (PTA) participation" by using IHDS 2.

ACHIEVEMENTS AND EXTRACURRICULAR ACTIVITIES

- Participated in math quiz competition upto zonal level.
- Represented school in science exhibitions at central level.

TRAINING

Advanced Level Training on PLFS Data Extraction

May 2025

V.V Giri National Labour Institute

- Managed unit-level survey data (PLFS).
- Worked on extraction, cleaning, validation, codification, and analysis using STATA.

SKILLS

Advanced Excel, Overleaf, VBA, SQL, TABLEAU, STATA , Python, Power BI
